We at TDI International School craft the future

We transform learning and motivate our students towards better and new-age learning spaces and environments. We build strong foundations for your children's lives. We stimulate curiosity in young and receptive minds and equip them with tools to become better human beings.

A Senior Secondary

English Medium School with CBSE Curriculum

Established in 2014, TDI International School, Kundli has been a part of the proposed chain of academic excellence centres under the auspices of TDI Shiksha Sansthan.

OUR VISION

A developing mind needs more than just academics for a holistic development, and we empower it with inclusive learning.

OUR MISSION

We're committed to cultivate healthy thought-process and enhance our students' cognitive abilities & go beyond textbooks and towards pragmatic learning.

LET'S TAKE OUR CHILDREN TO THE BRIGHTEST FUTURE, TOGETHER!!

- Harender Sharma

Dear parents,

It is my pleasure to have the responsibility of handling everything at TDI International School. Here, every child is special to me, who requires a joyful yet challenging environment to grow and achieve his/her true potential.

At TDIIS, we try our best to make learning a part of our student's routine by coming up with an interesting and inspiring curriculum, personalized to their curiosity and academic needs. We use innovative methods, effective instructional strategies, and engaging practices to promote practical learning. We're here to create a desire for knowledge and varied skills in every student.

We aspire to work together as a team of parents, children and community members to encourage all the students to reach their maximum potential. While academic excellence is our priority, our school is sincerely committed to nurture the students for life, by enabling them to face the challenges of tomorrow and motivating them to be socially responsible citizens of the nation.

EDUCATION IS ABOUT AWAKENING - AWAKENING TO THE POWER AND BEAUTY THAT LIES WITHIN ALL OF US.

- Dr. Preeti Dhingra Chitkara

Education is a concept of building character, enriching minds, and gaining varied experiences that last forever. School is the first home for a child, and schooling is a period of happiness, adaptation and growth. TDI International School has always been synonymous with unparalleled success. The school believes in recognizing and nurturing talent. The curriculum at TDIIS helps students achieve great heights in various fields. TDI staff skillfully applies diverse strategies of Love and Logic to foster a positive learning environment for students.

As an educator, I believe to guide and nurture the next generation by establishing skills to achieve health, respect, prosperity and fulfilment in life. I feel honoured and privileged to be a part of an educational institution, where every member is a learner and every day is an opportunity to learn and discover.

WHY TDI INTERNATIONAL SCHOOL?

"The will to win, the desire to succeed, and the urge to reach your full potential are the keys that unlock the door to excellence."

TDI International School epitomizes this excellence, where students and teachers tread the untrodden ways to achieve greater horizons in the pursuit of knowledge. Learning is fun and innovation is the silent mantra. Flying on the wings of imagination, the creative energy finds an outlet, where each child is motivated and inspired to paint the canvas of life with different hues and colours, celebrating his uniqueness. Innovative and exciting methodologies are synergized for establishing optimum learning opportunities. The endeavour of TDI International School is to impart education that goes beyond the parameters of formal schooling and prepares individuals to face life's realities and take their rightful place in the society.

TDI International School, takes pride in providing a caring atmosphere to all its students, just apt for the young minds to be nurtured. It aims to develop scholarly students with great self-discipline, intense perseverance and a zeal to excel. These are the qualities required to meet the challenges of the modern society. The school seeks utmost co-operation and support from parents to achieve the high standards of excellence.

FACULTY-MEMBERS: COMMITTED TO BECOME PARTNERS IN STUDENTS EDUCATIONAL JOURNEY

The veteran faculty at TDIIS performs as both a teacher and a scholar. We all strive hard to imbibe social and moral ethics in our students and make them socially aware. Apart from respective study materials, we involve students in activities that entertain them and enhance their skills. Technology is the future and so is our school, as we incorporate new learning tools for better comprehension of students.

We have laboratories for different disciplines of Science, Physics, Chemistry and Biology.

Our teachers help the students with an interactive learning demonstration.

The labs are structured in such a way where students can observe experiments, collect data, and analyse it. Scientific skills are built using constructive approaches.

Rally on Save Environment

“We are a part of nature, not apart from nature”

Class VIII to XI students of TDI International School organized a rally on 23rd October 2019, with the guidance of our Principal & German delegates. We visited nearby villages in different groups. We were gracefully greeted by all the villagers. Showing a great love and care for our environment, the students led by the teachers carried placards displaying messages to sensitize people towards the environment. The rally encouraged our young minds to plant more trees and become an environmentally conscious citizens.

Activities That Feature The Senses

The senses are the first and foremost resources for pre-primary to learn in school. The five senses help children to explore the world and make sense of what is around them. So, TDI International School organized sensory week for pre-primary students. We feel that children and even adults learn best and retain the most information when they engage their senses.

-- The Bhagavad Gita

Learning the art of **Yoga**

We firmly believe that Yoga brings together mind, body, and soul to produce perfect balance within us and is the perfect addition to the school curriculum. We understand the importance of inculcating a healthy lifestyle in our students, which is why every Sunday, we host a live 'Yoga Session' in collaboration with 'The Art of Living' on our social media channels, so that the students feel inspired and develop a daily habit of doing yoga.
